General Consulting for IT, on-site projects, and general consultation is \$85/hour.

- Web Design

Domain Name Registration(your www. name): \$20/year

Domain Privatization is an additional \$15 per domain.

Website Hosting: \$196/year.(will include 1 domain name, but can be connected to more)

Initial setup charge of \$50 to transfer domain and hosting from another server. Only applies if transfer is needed.

If mail servers exist separate from current host, general consultation rate applies for MX Record forwarding, Exchange and Google Apps configuration, and firewall exceptions. This work may be outsourced if proprietary firewall systems exist that need certifications (IE, Cisco Legacy devices)

Standard Webpage Design:

HTML & CSS webpage development.

10 Pages or less - \$1750

Per page, 3 page minimum - \$200/per-page

Added forms are \$75/each

Flash and other multimedia objects are \$50/each to embed

See "flash" or "video" for development pricing.

**Standard HTML & CSS webpage development includes the following: Website creation, content inclusion, search engine submission(top 20 largest), 1 basic contact form, email setup and configuration for up to 15 users, and a compact disc that contains the files and artwork used in the development of your site.
